

# Sunnyhills School

## Bring Your Own Device Agreement

- My child is able to bring a device. Device type \_\_\_\_\_
- My child may bring a device later. Device type planned \_\_\_\_\_
- My child is unable to bring a device
- 

**I want my child to bring their own digital device to school for use in the classroom learning programme.**

***I understand (please tick each statement):***

- All devices brought to school are my child's responsibility and the insurance for the device is my responsibility.
- The school holds no responsibility for any loss or damage which might occur.
- That teachers will provide a locked cupboard in which my child may place their device when not in use.
- Children bring devices to school each day fully charged. Charging at school is not permitted.
- Apps and software on devices must be kept up to date, particularly anti-virus software as applicable.
- Devices are only to be used under adult supervision.
- Devices brought to school are for the use of my child. The school adheres to a 'sharing screen' concept, whereby my child may share his/her screen with others. In collaborative group work there may be 2-3 children working together, however my child is in charge of his/her device.
- Teachers will encourage the use of personal digital devices to support the learning as appropriate.
- Children will use cloud based applications such as Google Apps for file management and are allowed to access this at home with parent permission.
- Rules governing the use of any school-owned digital device will apply to student-owned devices while they are at school. This includes adherence to the Copyright Act and school cyber safety policies. This is in accordance with our "My Digital Citizenship Agreement" form.
- The family is responsible for any device problems and technical faults.
